POWERUP

Maximize Your Potential!

product #F103650010

SUNGLO FEEDS

Cattle POWER UP is designed to assist show cattle that are in need of more energy and fatty acids to increase bloom, haircoat and cover.

ADVANTAGES:

- Cattle POWER UP is formulated with "Rumen Bypass" technology.
- Bypass factor causes these fat sources to be more efficient in getting the absorption in the small intestine.
- Contains high quality vegetable oil sources that provide higher levels of Omega 3 and Omega 6 fatty acids.
- Results in improved bloom, hair coat, skin condition.
- Improved palatability and utilization to allow quicker change in animal's composition.
- Cattle POWER UP is pelleted.
- Allows for easy blending into texturized, pelleted or meal complete feeds.

USAGE DIRECTIONS:

- Cattle POWER UP Pellet supplements should be added to a complete fortified ration.
- Always start by adding Cattle POWER UP slowly to the daily diet at low levels and increase to desired levels to accomplish phenotype change.

	Progressive	Aggressive
Cattle	0.6 - 0.8 lb/day	1.5 - 2.0 lb/day

***Rule of Thumb:**
1/4 % to 1/2 % of animal body weight.

Cattle POWERUP

Use as a supplemental source of fat for **Beef Cattle**

50 lb bag • 3/16" Pellet
